

Jewish Federation
of Greater Dallas

2025 Corporate Sponsorship Program

OUR MISSION

To help ensure the continuity of a strong and vibrant Jewish community in Dallas, Israel and throughout the world.

Who We Are

The Jewish Federation of Greater Dallas has been an integral part of the Dallas community for over 112 years supporting the Jewish community and the Greater Dallas area. As one of the most trusted and respected nonprofits in Dallas, JFGD acts as a central voice for the Jewish community and secures and supports vibrant Jewish life in Dallas.

With the millions of dollars raised each year, our impact reaches far beyond the Jewish community - by investing in more than 80 local nonprofits as well as maintaining our status as a non-sectarian organization, we can ensure our work to elevate the Dallas community is inclusive and reaches its growing and diverse population.

OUR MISSION

To help ensure the continuity of a strong and vibrant Jewish community in Dallas, Israel and throughout the world.

Our Diverse Community

The Jewish Federation of Greater Dallas is a reflection of a rich and diverse cultural community that is a vital part of the DFW population. Our impact reaches the Jewish community and beyond; while there are many common misconceptions on the status of faith in our institution, Federation is a nonsectarian organization and does not maintain a religious affiliation. Many agencies we support service people regardless of religious or political alignments. Jewish Family Services, one of our long-standing community partners, provides life-changing programs, such as a food pantry, counseling, and other services, to over 39,000 people, 85% of which are not Jewish. We invite you to learn about Federation and help us continue our support of the diverse Dallas community. When you support one community, you support and elevate all of Dallas.

OUR MISSION

To help ensure the continuity of a strong and vibrant Jewish community in Dallas, Israel and throughout the world.

What We Do

Community Convener

As a trusted Dallas nonprofit, we inspire and engage the community through various services and programs that position us as the primary convener for the Dallas Jewish community. We partner with local universities, schools, government agencies, and other organizations to strengthen our support of the community and further establish our ability to bring people together to connect, learn, and grow.

Security

Staffed by a full-time Director of Community Security and Deputy Director of Security, the department is charged with convening, preparing, and equipping organizations with training and education, emergency communications, law enforcement engagement, and target hardening.

Community Investment

Powered by your generosity, we strategically invest millions of dollars into our community and beyond through programming, services, and fiscal support for organizations such as Jewish Family Services and Ann & Nate Levine Academy. Federation partners with government and interfaith organizations to protect, educate, and serve the community and foster meaningful connections and conversations.

What We Do

Providing Services

Federation not only funds life-changing and life-sustaining initiatives throughout the community via 85+ partner agencies, but provides educational services. The Center for Jewish Education (CJE) provides programs to support both early childhood education and teachers throughout the community. PJ Library sends free Jewish children's books to families across the world every month helping connect children and their parents with their Jewish heritage. The CJE partners with local universities, professionals and our own Jewish educators to offer cutting edge courses that include both content and teaching methods.

Responding to Crisis

As a strong community convener, we are positioned to provide support to local, national, and international communities after natural disasters and emergency situations. This past year has been tumultuous and has brought many challenges to the community. We have provided not only millions of dollars in support, but many opportunities to come together to connect and grieve the atrocities of war including the recent October 7th, Community Commemorative Event with over 1,700 attendees

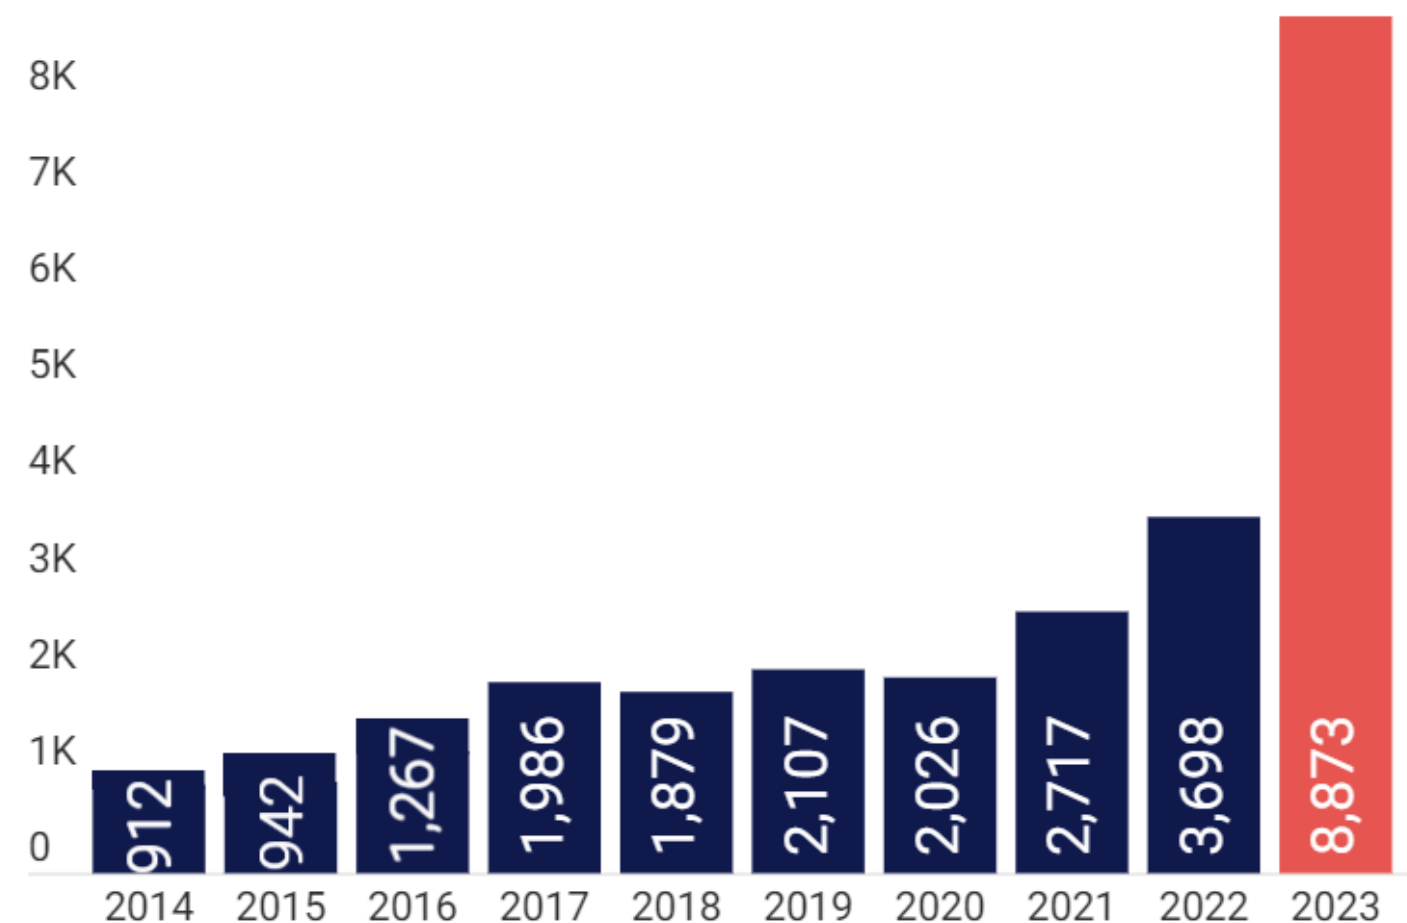

Why Support Us

Combat Rising Antisemitism

Antisemitic incidents have increased 140% compared to 2022 with over 7,500 of these incidents occurring after the atrocities of October 7th, 2023 (ADL, 2024). As one of the most trusted and respected nonprofits in Dallas, JFGD partners with local and national intelligence agencies to monitor and respond to potential threats in the community. With your contribution, we will continue to provide integral security support around Dallas. Whether it be from implementing new security measures at local Jewish agencies to leading the response in times of crisis to supporting the programs that connect and improve our community, Jewish Federation of Greater Dallas is there.

Why Support Us

Continue Our Mission

Our mission is to help ensure the continuity of a strong and vibrant Jewish community in Dallas, Israel and throughout the world. That means that we support over 85 organizations that service not only the Jewish community, but the larger Dallas community. Many of our partner agencies support a majority of non-Jewish clients. We stand firm in our belief that when one community is elevated, the entirety of the Dallas community rises up.

With your support, we can continue to provide programming, education, community events, and invest in local organizations to help enhance not only the Jewish but the diverse Dallas community.
